

Alternative Fuels Vehicle and Technologies Vendor Inventory

Dallas-Fort Worth Clean Cities invites companies that provide products or services related to alternative fuels (electric, natural gas, propane, biofuels, etc.) to complete this form to be included in the Alternative Fuel Vehicle and Technologies Vendor Inventory. This online database serves as a resource to public and private fleets, local governments, and other entities seeking to procure alternative fuel vehicles, infrastructure, equipment and related services. This form is estimated to take up to 15 minutes to complete. Examples of companies associated with the alternative fuel vehicle space can include:

- original equipment manufacturers
- infrastructure companies
- fuel providers/electricity representatives
- energy efficiency/resiliency technology companies
- consultants
- trainers

Inclusion in the Alternative Fuels Vehicle and Technologies Vendor Inventory does not constitute an endorsement by Dallas-Fort Worth Clean Cities or its host organization, the North Central Texas Council of Governments. Companies selling SmartWay verified technologies that want to be included in the SMARTE (Saving Money and Reducing Truck Emissions) Vendor Directory, please see NCTCOG SMARTE Vendor Directory at www.nctcog.org/trans/quality/air/for-fleets/smartec/technology-and-tools/vendor-directory.

* Required

Point of Contact Information

This point of contact will be posted online as the point of contact for entities to reach out to for more information on your organization's products or services.

1. Name *

2. Title *

3. Organization *

4. Email *

5. Phone Number

6. Is your organization interested in collaborating with DFWCC to conduct educational efforts?
Examples could include ride-and-drives, workshops, or webinars.

☐ Yes

☐ No

☐ Maybe

Technologies or Services

7. Do you provide On or Off-Road Alternative Fuel Vehicles, including retrofits or add-ons for vehicles and equipment ?

☐ Yes

☐ No

On or Off-Road Alternative Fuel Vehicles

8. What does your organization offer (check all that apply) *

- ☐ On-Road Alternative Fuel Vehicle
- ☐ Off-Road/Non-Road Alternative Fuel Equipment
- ☐ Retrofits or Add-Ons for Vehicles and Equipment
- ☐ Other

9. Please provide a brief description of your product and a link to any applicable websites. If offering multiple products (i.e. multiple vehicles, supporting technology, services), please describe each product. For vehicles, include details such as fuel type. *

10. If providing vehicles/equipment, please provide the gross vehicle weight rating (GVWR) and horsepower (hp) for each vehicle. *

11. If providing vehicles/equipment, please provide each vehicle's engine family code and any emissions certifications that the engine has been awarded

12. Are your products available on any procurement co-op catalogs such as Sourcewell? If so, please provide a list of co-ops your vehicles can be purchased on. *

13. Please provide a link to any case studies or success stories of any product or service you offer.
Note: Examples specific to Texas are preferred.

14. Does your organization partner with other organizations to provide a turn-key solution? If so, please describe who you partner with and what you provide.

Electric Vehicle Charging

15. Do you provide electric vehicle charging equipment and/or associated resiliency technologies such as battery storage/solar/other technologies to assist with charging station deployment)? *

☐ Yes

☐ No

16. What EV Charging product or service do you provide? (check all that apply) *

☐ Charging-as-a-Service

☐ EV Charger Decommissioning

☐ EV Charging Installer

☐ EV Charging Network Operator

☐ EV Charging Station Distributer

☐ EV Charging Station Manufacturer

☐ EV Charging Support, Repair, and Warranty

☐ Turnkey EV Charging Deployment

☐ None of the above

☐ Other

17. Do you offer any additional EV charging services or products? *

☐ Software

☐ Solar Add-on for EV Charging

☐ Battery Storage for EV Charging

☐ Mobile Charging

☐ None of the above

☐ Other

18. What level of EV charging do you provide/work with? *

- ☐ Level 1
- ☐ Level 2
- ☐ Direct Current Fast Charge

19. Who is your target audience? (select all that apply) *

- ☐ Private/Behind-the-fence Charging
- ☐ Publicly Accessible Charging
- ☐ Workplace Charging
- ☐ Multi-family Charging
- ☐ Residential Charging

20. Please provide a brief description of your products and a link to applicable websites. If offering multiple products (i.e. multiple types of infrastructure), please list and describe each product. *

21. Are your products available on any procurement co-op catalogs such as Sourcewell? If so, please provide a list of co-ops your vehicles can be purchased on. *

22. Could you include or link to any case studies or success stories of this product or service? *

Alternative Fuel Infrastructure

23. Do you provide equipment, products, and/or services for other alternative fuels (i.e. natural gas, propane, hydrogen, biodiesel, renewable diesel, ethanol)? *

☐ Yes

☐ No

24. What alternative fuels do you work with? *

☐ Biodiesel

☐ Compressed Natural Gas

☐ Ethanol

☐ Hydrogen

☐ Propane

☐ Renewable Diesel

☐ Renewable Natural Gas

25. What equipment, products, and/or services do you provide? *

☐ Fuel Supplier

☐ Fuel Production

☐ Station Equipment

☐ Station Maintenance and Support

☐ Turnkey Service for Alternative Fuel Infrastructure

☐ Software

☐ Other

26. Do you provide stationary or mobile infrastructure? *

☐ Stationary

☐ Mobile

☐ N/A

27. Please provide information/specifications regarding your product or service. Include a link to your website *

28. Are your products available on any procurement co-op catalogs such as Sourcewell? If so, please provide a list of co-ops your products can be purchased on. *

29. Could you include or link to any case studies or success stories of this product or service? *

Technologies or Services

30. Do you provide other technologies or services (i.e. resiliency technologies not related to EVSE, consulting, training, telematics, transition planning)?

☐ Yes

☐ No

Other Technologies and Services

31. What is your product or service? *

32. Please provide information/specifications regarding your product or service. Please include a website link. *

33. Are your products or services available on any procurement co-op catalogs such as Sourcewell? If so, please provide a list of co-ops your products or services can be purchased on.

34. Could you include or link to any case studies or success stories of this product or service?

End of form

Thank you for submitting your information.

Responses will be reviewed periodically and information from providers will be posted on the DFW Clean Cities Alternative Fuels Vehicle and Technologies Vendor Inventory web page soon.
